

ALENZA

GT Balance Basal Oil

Highly Emulsified Basal Diluent

ACTIVE INGREDIENTS:

Paraffin Oil, Surface Active Compounds and Coupling Agents 100%

FOLLOW RECOMMENDATIONS AND LABEL RATES OF HERBICIDE MANUFACTURERS.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing spray mist. Wash hands after using. Do not store near feed or food products. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

GENERAL INFORMATION

ALENZA GT Balance Basal Oil is a unique, highly emulsified low viscosity non-aromatic/non-carcinogenic diluent with select surface-active compounds and coupling agents. **ALENZA GT Balance Basal Oil** is developed specifically for basal-bark and cut-surface brush control applications where *Garlon 4® and Tordon K® are used in a premix. The unique emulsifying properties of **ALENZA GT Balance Basal Oil** allow Tordon K® to fully suspend and be used as an alternative to *Access® herbicide.

**Garlon 4®, Tordon K® and Access® are registered trademarks of Dow AgroSciences.*

USE RECOMMENDATIONS

ALENZA GT Balance Basal Oil can be used at dilution ratios of 1:4 (20%) or 1:3 (25%) when following the herbicide manufacturer's label recommendations. **ALENZA GT Balance Basal Oil** is designed for use with 10% *Garlon 4® and up to 10% Tordon K® v/v.

NOTE: Use rates may vary dependent on environmental conditions and applications. Increase rates as necessary for additional wetting and penetration.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

HANDLING AND STORAGE: Store in cool, dry place. Keep in original container tightly closed. Do not reuse empty container.

CONTAINER DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Triple rinse (or equivalent) adding rinse water to application tank. Then offer container for recycling or reconditioning, or puncture and dispose of in an approved waste disposal facility, or other procedures in accordance with Federal, State and Local regulations.

ALENZA warrants that this product, when used as directed and in accordance with sound agricultural practices, is reasonably fit for the purposes stated on the label. Buyer assumes the risk of any use contrary to the directions so stated. ALENZA will not be liable for indirect or consequential damages. ALENZA makes no other expressed or implied warranty of Fitness or Merchantability. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of ALENZA. In no event shall ALENZA's liability for any breach of warranty exceed the purchase price of the product to which a claim is made.
